*Helping people to a better life*

Hazyview 27 March, 2017

*To: Lions Club Raa, Sweden*

*Dear friends from Lions in Sweden, so far away but so close to our hearts, we would love to express our deepest gratitude and appreciation for your continuous support to our orphans and vulnerable children.*

*We are grateful for your contribution, not only for the money you have donated yourself, but also for your effort to coordinate donations from your peer clubs in your area.*

*The difference you are making to our organisation and the life of our 104 vulnerable children is not measurable.*

*Kind Regards from  
The Children and the Management Team*
